

Virology Tenure-track Faculty Position

The Department of Medical Microbiology and Immunology at the University of Toledo College of Medicine and Life Sciences (Health Science Campus) is seeking to hire a tenure-track Assistant Professor. Candidates must hold a Ph.D., M.D., or equivalent degrees and have at least three years of relevant postdoctoral experience. Preference will be given to candidates with current funding. Programs with strong potential for translational research are particularly desirable. Successful candidates will be expected to develop/maintain an externally funded research program and contribute to teaching in our medical and graduate programs. The department has recently renovated space available and state-of-the-art core facilities. Access to clinical samples is possible through the University Hospital. Applications must include: a) cover letter; b) CV; c) a brief summary of research interests, past accomplishments, and future plans; and d) names and addresses of three references. All materials must be sent electronically to: <https://jobs.utoledo.edu>. The search committee will review applications beginning March 2, 2015 and will continuously review applications until the position is filled. For further details regarding this position, visit our webpage at: <http://www.utoledo.edu/med/depts/micro>. The University of Toledo is committed to diversity and equal opportunity. Applications from women and minority candidates are strongly encouraged.
