

MOC Requirements for Participation

Providers Seeking MOC Part 4 Expectations

This quality improvement project is approved by the American Board of Pediatrics (ABP) Maintenance of Certification Part 4 for 25 points awarded in 2017. Each participating physician must meet the following requirement to receive MOC:

- Intellectually engaged in planning and executing the project.
- Participate in implementing the project's intervention (the changes designed to improve care).
- Reviewed data in keeping with the project's measurement plan
- Collaborated in the activity by attending team meetings

To meet MOC requirements in the Early Screening Collaborative:

Core Team completes expectations.

- Providers review online modules and complete CME questions by February 16, 2017 www.achia.org,
- Providers participate in a minimum of 5 monthly practice meetings to review data and contribute to change ideas (confirm with core team that your name is included in monthly report for practice meetings where you participate).
- Providers incorporate reliable approaches to completing screens and referrals.
- Participate in end of collaborative phone survey if requested (<30 minutes).
- Submit ABP attestation of above activities to project manager at end of collaborative.
