

**Your link to a bright future**  
for children with special health care needs

A medical home is an approach to providing quality primary health care services in a cost effective manner. In a medical home you and your doctors work together as partners to identify and arrange all of the services needed to help your child reach his or her full potential.

[Pediatric Practice Name] is proud to announce a new approach for providing care that will help improve quality health care for children with special health care needs.

This nationally recognized way of providing care is called Medical Home.
