

Request to enroll in CS 399-Directed Readings

This form and the research proposal is to be submitted to the undergraduate program director, Dr. Amber Wagner, awagner@uab.edu.

Please also place a physical copy in Dr. Johnstone's mailbox, for the faculty signature.

Note that CS399 would typically be taken no earlier than junior year.

Due date: 1 week before the first day of classes

Name:

Blazer ID:

CS Courses completed:

CS Courses currently enrolled:

UAB GPA (min 3.0):

CS GPA (min 3.0):

Desired term of enrollment in CS399:

Desired number of hours (1, 2 or 3):

Weekly meeting time with your supervising CS faculty mentor:

Research Topic:

Prior to submitting this form, you should have an approved research topic and signature (see below) of the professor that agreed to supervise your research and submit your grade at the end of the term. Your grade will be pass (P) or fail (F). The CS Department does not provide a research topic or secure a professor for you. Please feel free to approach faculty to discuss a research topic. Note that this research topic will be decided in dialogue with the faculty member, and will usually be dictated by the research program of the faculty member.

Research Proposal: attach a 1-page description of your research proposal to this form (in pdf).

Supervising Professor's Signature:

(this acknowledges that you have seen the research proposal, agree to supervise the project, and agree to meet the student weekly at the above time)

Date: _____ (at least a week before classes begin)

The following information is for CS Department use only

Request is: approved or denied (circle one) Signature of Undergraduate Program Director:
