

# Case Studies in Mentoring

Whether you are a seasoned faculty member who has mentored multiple developing research scientists or are a young investigator just starting out, participation in case-based discussions around key aspects of the mentor-mentee relationship can prepare you to deal smoothly with a variety of common and less common mentoring challenges.

Topics are the same on Fridays and Mondays, so if you cannot attend one day, you can attend the other. The topics will be repeated approximately every 10 weeks, so you can attend those missed the first time around. Discussions will be facilitated by experienced UAB mentors. Beverages provided. Registration requested. You may register for more than one session at a time.

## FAQ

### How do I register?

Register at [www.uab.edu/ccts/training-academy/mentoring](http://www.uab.edu/ccts/training-academy/mentoring). You may register for one or multiple sessions.

### What do I get for going to every session?

Participants will gain a broader repertoire of skills for dealing with common and not so common challenges in mentoring. Participants who complete all 8 sessions will receive a certificate that documents commitment to excellence in mentoring for departmental reviews and academic promotions.

### If I miss a topic, how can I complete my certificate? Will the topics be offered again?

Topics are the same on Fridays and the following Mondays. The topics will be repeated approximately every 10 weeks, so you can attend those missed the first time.
