Starting the journey: Introducing the “D” and the “I” in D&I Science

Tuesday, October 1
4pm - 5:30pm, WTI 101

CCTS presents *expEDITIONS*, a monthly forum for discussing the communication and integration of interventions, clinical paradigms, and policy changes into health practices. The series offers training, showcases research, and fosters collaboration across the CCTS Partner Network, focusing on advancing science to bring discoveries to routine care more efficiently.
