

MOCK NIH STUDY SECTION

K & R Series Grants

Step into the role of an NIH study section member and experience the post-submission process firsthand.

In this facilitated simulation, you'll read, critique, and score an actual K or R application, witnessing how your feedback shapes the discussion. Gain invaluable insight into how study sections operate to better prepare your grants for review. This hands-on experience requires reading and scoring grants like a real reviewer.

Starting August | via Zoom

DATES	TOPICS
August 13, 10-11:30 AM	Clinical Science R01 presented by William Geisler, MD, MPH
August 15, 9-10:30 AM	Clinical Science K presented by Elizabeth (Lisa) Jackson, MD, MPH
