

# Structural Biology Forum

**UAB** THE UNIVERSITY OF  
ALABAMA AT BIRMINGHAM.

Hui-Ting Lee, Ph.D.

Assistant Professor  
Chemistry Department

*Single-molecule FRET study on  
telomere and RNA distribution*

January 9, 2023  
11:45 am–1:00 pm  
BBRB 170

Jianhua Zhang, Ph.D.

Professor  
Pathology Department

*Seeking collaboration: Protein O-  
GlcNAcylation in neurodegeneration*

The UAB Structural Biology Forum (SBF) brings together specialists and non-specialists in structural biology to promote collaborative structure–function research in diverse disciplines including infectious diseases, cancer, immunology, cell biology, drug discovery and design, cell biology, and microbiome/metabolomics.

Refreshments will be served. For more information, please contact Dr. Jamil Saad ([saad@uab.edu](mailto:saad@uab.edu))
