

Structural Biology Forum

UAB THE UNIVERSITY OF
ALABAMA AT BIRMINGHAM.

Pramod Kumar, Ph.D.

Department of Biochemistry and Molecular Genetics

**Structure and Function Underpinning of Pentameric Ligand Gated
Ion Channels at Lipid-Protein Interface**

May 15, 2024
11:45 am–1:00 pm
BBRB 170

The UAB Structural Biology Forum (SBF) brings together specialists and non-specialists in structural biology to promote collaborative structure–function research in diverse disciplines including infectious diseases, cancer, immunology, cell biology, drug discovery and design, cell biology, and microbiome/metabolomics.

Refreshments will be served. For more information, please contact Dr. Jamil Saad (saad@uab.edu)
