<b>Divisions</b>	Child Abuse Dev & Behavioral Peds/Sparks Clinics Hospital Medicine Infectious Disease <sup>2</sup> Neonatology <sup>3</sup>	Adolescent Medicine Academic Gen Pediatrics Hematology/Oncology <sup>4</sup> Infectious Disease (only Dr. Poole's Ryan White grant)	Hematology/Oncology <sup>4</sup> Neurology	Cardiac Critical Care Endocrinology & Diabetes Infectious Disease (only Dr. Acosta) Pulmonary & Sleep Med	Critical Care Infectious Disease (only Dr. Obaro) Neonatology <sup>3</sup>	Allergy & Immunology Emergency Medicine Gastroenterology, Hepatology & Nutrition Nephrology Rehab Medicine Rheumatology

The above financial office staff aid faculty with

- Post-award (reconciling/balance info, effort, invoicing, etc.),
- Pre-award budget assistance,
- Pre-award submission assistance (in some cases), and
- General questions regarding administrative/financial issues

In addition, Mr. Alston manages space issues/concerns and equipment inventory for the department.

<b>Contact Information</b>	Geeta Chhabra Budget Officer <a href="mailto:gchhabra@uabmc.edu">gchhabra@uabmc.edu</a>	Sheila Coleman Grants Administrator II <a href="mailto:sheliacoleman@uabmc.edu">sheliacoleman@uabmc.edu</a> Office: 205-638-2577	Carlos Hinds - Financial Associate <a href="mailto:cahinds@uabmc.edu">cahinds@uabmc.edu</a> Office: 205-638-6761
<b>Divisions</b>	Department-wide resources		Cardiology Neurology (only Ness)
The primary role of Ms. Chhabra and Ms. Coleman is to help faculty, regardless of DOP division, with pre-award submission of all federal grants and, in some cases, non-federal grants. While many faculty, or their respective financial officers, handle post-award NIH Research Performance Progress Reports (RPPR), Ms. Coleman can also assist with this process.			Mr. Hinds offers post-award support for the other team members in the Finance Office. This includes expense posting in BA software, personnel salary info maintenance in BA, etc. Additionally, he offers direct post-award support to the listed division and faculty member.

<sup>1</sup>General responsibilities listed for each team member above are not intended to serve as full job descriptions for anyone but rather to provide faculty with a quick reference tool to assist them in where to go for certain research/financial needs. In an emergency, faculty may reach out to Jimmy Alston.

<sup>2</sup>Infectious Disease is a unique division in that it has its own PI-funded personnel within that support certain faculty members. Jimmy Alston supports the following faculty/investigators: Britt, Boppana, Fowler, Hutto, Pinninti, & Ross

<sup>3</sup>For Neonatology, Jimmy Alston supports all except Luaces, Manasayan, Peralta, Ramani, Salas, Shukla, Sims, Travers, & Willis (all of whom are supported by Steven Marchman).

<sup>4</sup>Some larger divisions are shared between two team members. When this is the case, the affected divisions are listed under both team member's names. For Hem/Onc, Christian Foster supports all except Hashizume, Kasztan, Lebensburger, & Luo (who are supported by Chris Chicarello).
