Orientation

Check in at midpoint

Evaluate at final

Novice	Advanced Beginner	Competent	Proficient*	Mastery
With significant instructional feedback	With some instructional feedback	With minimal instructive and significant constructive feedback	With some constructive and some stylistic feedback	With minimal stylistic feedback

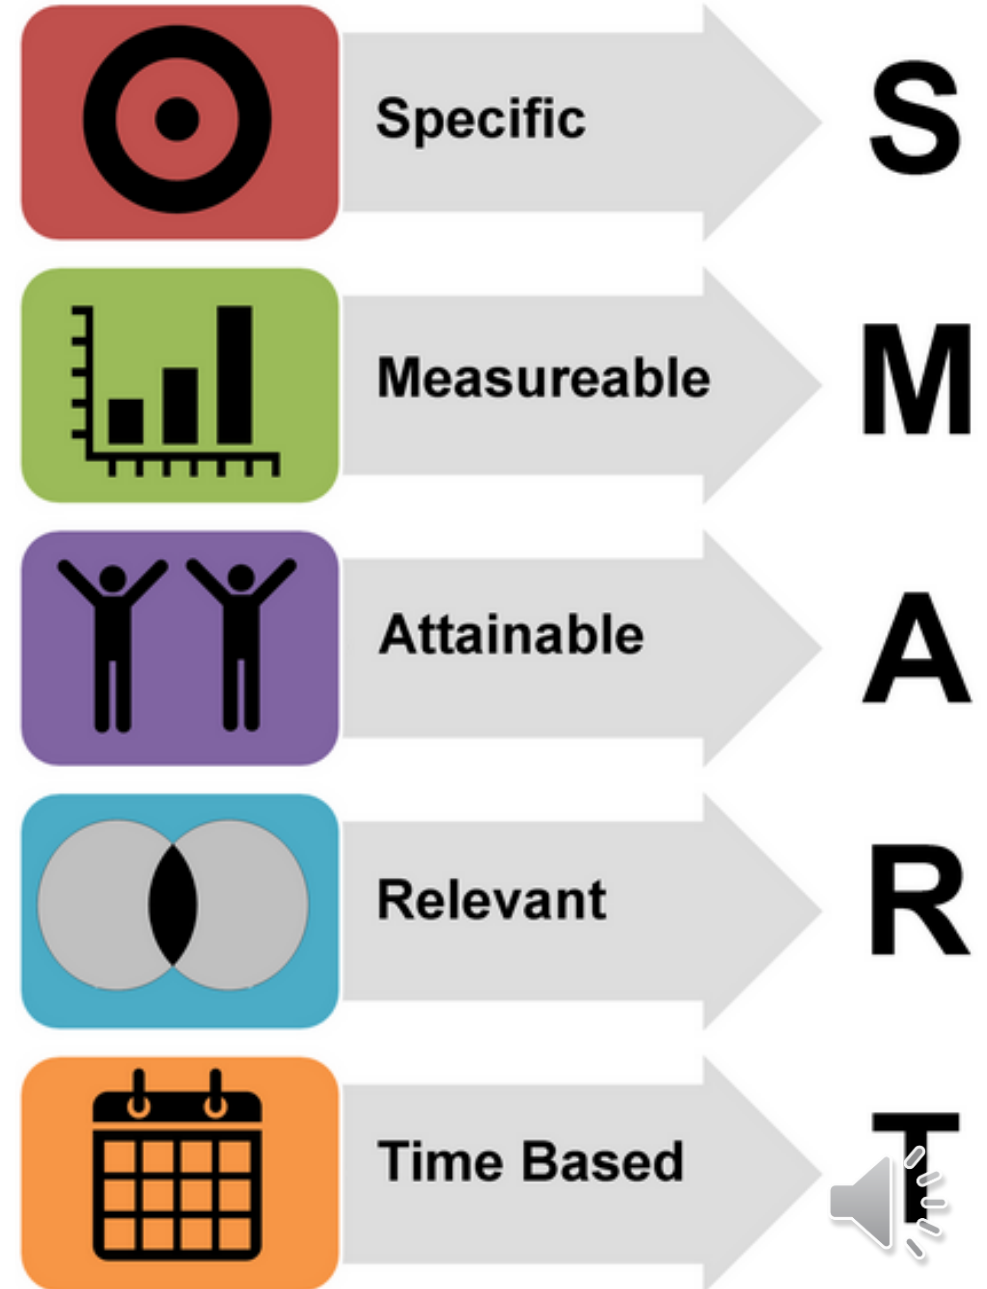

*Program end goal

SMART Goals

- Students should know how to achieve their goals
 - How will you determine if a goal has been met?
- Students should be able to track their goal progress
 - Should not rely on supervisor evaluation or formal evaluation form
